English, Portuguese, Spanish, and Braille are in print and are available in any quantity at any time. All versions are available in PDF by license or in small quantity packets. **All Massachusetts Health Decisions publications are protected by federal copyright law and may not be copied or translated without our written permission or license.**

For languages available by license, we can provide your organization with a photo-ready, hard copy "master" which you can duplicate as needed for your staff, patients, clients, or residents. The master is an accurate translation of the standard Health Care Proxy published since 1991 by non-profit Massachusetts Health Decisions. Even the format is identical: The first two pages of the form contain information about the Health Care Proxy and easy-to-follow instructions to complete the form. Pages 3 and 4 are the Proxy form itself. Each non-English language version follows this same format, and is clearly labeled (in English) with the name of the language. The masters are printed in high resolution copy on bright white, heavy-weight paper. It will reproduce well on almost any photocopier. The master is also available in digital PDF version and can be printed from Adobe Acrobat Reader.

Typically, the annual cost for each version of the Health Care Proxy is \$125 for a single care site. For larger users, the license fee is based on the number of copies or downloads actually used. We will send you a simple licensing agreement for you to sign and return with your payment or purchase order. We will then send you a photo-ready master or PDF file with a non-transferable license for you to use the master as needed. If you lose the master, or it becomes soiled, or the law changes, we will replace the master for a nominal fee. Small packets are also available: 50 copies for \$50; 100 copies for \$75. All MHD publications are copy protected and you may not make copies of our materials in any form without a license. Please contact us at 781.784.1966 or at <proxy@masshealthdecisions.org> with any questions or to place your order. *The first step is to let us know approximately how many copies of each language you will need in the first year.* (In the second year and later, the annual license fee will be based on the number of copies you actually made.) Please ask if you need languages other than those listed.
